This 'English Speaking & Grammar' book of Cromosys Language Research and Education Center is designed to teach you English from very basic to the advanced level. The lessons and study materials uniquely designed, which you will not find in any other books, are to guide you to be fluent following

correct usage of grammar. Having done the research over English in twelve years, I am confident to assure you that it has everything that you need to get a good command over English. Its step-by-step explanation to tense, modals, advanced modals, voice and preposition with rules and alerts guarantee your success. You will feel that this is the only book you were always in the need of. The communication in any

language without following the rules degrades the standard and corrupts the meaning. As the world is changing day by day, English is incorporating in all the sectors of human life around the globe. Every day, the use of English is increasing and a person with good knowledge of it is able to get a good job. And so, the call centers and print and visual media have great demand of those who are good in this language. The modern ventures of newspapers, magazines, and movies have contributed a lot to make English strong, sense-touching, smooth and beautiful. As English has advanced a lot in last twenty-five years, the universal standard of it has adopted many new sentence structures and grammar patterns, which are never taught to the students in academic schools. And that is why English remains difficult to many people.

Best English Grammar Book Learn English Grammar in Two Week (Revised Edition)-Vijay Sharma 2021-01-01

Learn English Grammar in 2 Weeks is a peerless book for those who are interested in having a written and spoken command of the English language. The fascination of this international language is unmatched. But it is replete with pitfalls which must be carefully avoided if one does not want to become a butt of laughter either in written or spoken English. Let us quote from the book itself; ♥♥A student of the English language ought to know the difference between 'English' and 'the English'♥♥ This book is a treasure house of modern and current usage in English. As one flips

through the pages of the book; one gains in knowledge and confidence. The mystery of the English language unfolds itself in every page of this wonderful treatise. It is a single volume book that combines source grammar and practice exercises while explaining the rules of grammar and tackling seemingly contradictory rules. Since the book is for students of an Intermediary level, concise explanations are provided. It focuses on topics like grammar contrasts (whether to use 'would' or 'used to' in past tense construct) and grammar patterns for example will be going among others. What will you Learn from THE BEST BOOK OF ENGLISH GRAMMAR ॥ The book also explores more than hundred units of grammar concepts and each unit is allocated two pages. While the left hand page is filled with grammar concepts with concise

SC Gupta 2018-04-20

The book offers a simple yet effective way to learn English as well as to translate from Hindi to English. It contains several common hindi sentences that have been translated into English that allow a learner to easily understand day-to-day words and how to use them in sentences when writing or speaking in English. By learning how typical Hindi sentences, when translated into english can be used in everyday life, one can improve his or her grasp about using both the language. Besides the author, a good bi-linguist, has even detailed the grammatical aspects about each topic given in the book, which offer self improvising problems with easy solutions to them. Different sections have been created so as to

improve the reader's basic grammar, which includes Nouns, Pronouns, Tenses, Sentence making, etc. Each section comes with a separate practice set that lets the readers test English reading, writing and speaking skills as well as the translation ability that one has been able to learn. There is even a separate vocabulary section to help readers learn more new words and how to use them effectively while communicating. With step-by-step guidelines, one can surely bring fluency in their English language usage over a few months.

**E - English Grammar
(Voice Change Only)-Durga
Prasad 2016-01-15**

Description Voice Change is an important part of "Transformation of Sentence" in which one sentence is changed into another but the sense or meaning of one sentence when changed to another

remains the same. It is a rare significance of any language and literature that the speaker can express his/her views not only in one way but in more than one ways also. There is no exaggeration to say it is an art of such a language that enriches it. Voice change is one of them that teaches us how to express our views suitably in both voices - active and passive as and when required on different occasions. Anyone who desires to learn it can access to "Google Play" and search the related site by typing "Durga Prasad" or "Shubham Kumar" in search column.

"Description" and "About the Author" are free of access but to read the total subject one has to pay Rs.33 online. The language in which it is written is very simple, the method that is adopted with the suitable examples is very clear and the flow that once starts with in the beginning continues till it

ends in like a fairy tale. The author is the founder of "E-Blue Books." And about 80 such books are published till now in "Google Play" on different topics of different categories in Hindi as well as in English languages. Thanks!

English is accepted as a global language, the people around the world have been sharpening their knowledge to be good in it. Sometimes, only working knowledge of it doesn't work, and you feel that there is a lot more to explore. The accurate and profound knowledge of this language, which was considered to be existing only in England and America in past, has influenced zillions of mind today, therefore I conceived the idea of making this book a guideline for those who want to be perfect in it. The significance of this book is that it is dynamic, systemic and blissful with abundance of pure and perfect set of rules that took a decade of time in preparation. One alone, being immaturely suggested, spend ages in reading literature, watching movies and listening to the audio which help them to imitate a little

but not learn what in actual sense it is, and their never-ending process of Picasso Adventure collects some scattered information which is unworthy to knowledge enhancement, so the aspirants get lost in wilderness. Whether your intention is to travel abroad or plunge deep into your research, you have to be good in English to survive in today's world. Around eight years ago I went to the USA where I got a chance to get an exclusive training of English. I have been communicating with English-speaking people around the world while managing a team in several call centers, and in part time, I have been teaching this language globally with high exposure. So being able to understand linguistic science, I would like to assure you that the knowledge that you are going to get from this book will definitely sharpen your ability so that you can

make your way of success without any hindrance.

Fundamentals of English
Grammar-

English enjoys the status of the World Language. No other language has ever scaled this height. It is the language that encompasses everything in the world. It is used and cherished by millions whose mother tongue is not English. Spoken English, as a natural corollary to that, has become an important tool in our hands today. Without mastery over it, the gateway to success will remain a distant dream in today's globalised market.

Command on any language depends primarily on command on its grammar. Grammar is a repository of rules, governing how words are put together into sentences. These rules govern most constructions in a given language. Grammar is the science of correct use of language. It is concerned only with correct speaking and writing. Fundamentals of Grammar need to be fully comprehended to acquire skills of quality English. Aim of this book is a practical one: an aid to good English, to take you places on the wings of English. The book is designed to meet the requirements of students completing their schooling and entering colleges or job market, or preparing for various competitions.

English for Everyone-Ashish Chandra 2017-02-24

A three-level English Course book for teenage and young adult learners.

'English for Everyone' covers all the things taught at A1 to C1 (CEF) level. This book is designed to enable its readers to become skilled at Spoken English. Whenever we talk about learning English, we start talking about tenses, grammar and vocabulary. Memorize tenses, master grammar and mug up some commonly used words and you will master English. But despite learning tenses, grammar and vocabulary, people are unable to converse in English effectively. Why? Because this is not the right method to learn English. Let me ask you something. If you are an Indian, you can probably speak Hindi well. Have you ever learnt Hindi tenses? Have you ever learnt Hindi grammar rules or Hindi word meanings? I believe that your answer is 'No' with a capital 'N'. Then how do you speak Hindi or your mother tongue fluently? Think hard.

Nobody talks about learning tenses or grammar when it comes to speaking Hindi proficiently. But everyone talks about learning tenses, understanding grammar and strengthening vocabulary when it comes to speaking English fluently. English or any language, for that matter, is learnt by using it in practice. Let me ask you how any child learns his mother tongue. How an Englishman's baby learns English and an Indian's child learns Hindi. When a child is born, the environment around him teaches the language. He hears the language in the background and that serves as a kind of practice for him. Listening to the language repeatedly enables the child to start understanding it. He tries speaking and becomes fluent in the language in a few months. We will apply a similar method to learn English in this course. The

lessons in this book will help you to practice the English language in everyday situations. We will not focus on theory. We will focus on practice. We understand that there are many people out there who know the theories of grammar but are very poor at spoken English. This is because knowing concepts is not equal to applying concepts. In this course, every lesson will help you to apply and not simply know concepts. This is how language is learnt. This is how you will learn English too. All the best!

A Primer of Modern Standard Hindi-Michael C. Shapiro
1989

This primer presents a systematic introduction to the structure of Modern Standard Hindi. It is intended to provide the student with a thorough foundation in the grammatical structure of that variety of Hindi that is commonly taught in Indian

schools and that is the common vehicle of publication in Hindi. Although much emphasis is placed on the written language, discussion is also provided of aspects of conversational Hindi. The core of the work contains thirty on chapters. The first four offer discussions of the linguistic status of Hindi as well as comprehensive descriptions of Hindi phonetics and the Devanagari syllabary in which Hindi is written. Chapters 5 through 31 each contains descriptions of fundamental aspects of Hindi grammar. These chapters have extensive translation and grammatical exercises appended to them. The work as a whole introduces a core vocabulary of approximately fifteen hundred entries, incorporating lexical items found on most standard elementary word lists for the language.

Supplemental materials in this book include graded reading passages, a guide to further study in Hindi, and Hindi English glossary. Although the Devanagari syllabary is used throughout the book, Roman transliteration is also provided through Chapter 15. A Primer of Modern Standard Hindi can be used in several different ways. It can be used as part of a university-level course as a text for Hindi grammar and writing. As such it will nicely supplement other materials addressing more conversational aspects of the language. It can also be used for self-study purposes by the student who does not have access to a formal instructional program.
